"Pursuing Christ and Academic Excellence"

March 23, 2020

Dear LBS Families,

After hearing the latest update today given by Honolulu Mayor Kirk Caldwell, LBS has reassessed our online teaching program to ensure our students are safe and healthy. We will begin **online classes next week, Monday, March 30 - Friday May 1, in line with state recommendations**. We plan to have students return to campus on May 4th, but will reassess the situation as needed.

To assist our faculty with the best tools for online teaching and learning, we have coordinated with Abeka to provide an online Master Teacher who will deliver the lessons for the day. More information concerning this will follow this week from your campus principals to ensure families know exactly how to access the assignments and Abeka lessons. Please stay informed by visiting our website and monitoring all communication channels. i.e. emails, Remind, Google Classroom.
